

Ú Z E M N Í P L Á N

PAVLOVICE U PŘEROVA

The map displays a complex network of land parcels, many of which are outlined in red, indicating the proposed layout of a new sewerage system. The system includes main lines and individual connections to buildings. The map is color-coded: yellow for agricultural land, green for forests, and light blue for water bodies. Red lines indicate the proposed layout of a new sewerage system, including main lines and individual connections to buildings. Various technical annotations and elevation points are scattered throughout the map.
